

1st Grade -Rising 2nd Grade
Summer Remote Learning Opportunities

Directions: Utilize the links to access interactive tutorials or videos that will help your child practice concepts and will also introduce him/her to new concepts that will be explored in the upcoming school year. Some of the interactive tutorials are lengthy. So, you may choose to have your child view only one of those on the designated day.

Activity sheets are also available for students to practice the concepts. If you choose not to print out activity sheets, your child can draw, color and record responses on plain paper, by using the activity sheets as a guide.

Your child may also work in his/her pathway in iReady which was identified during the 2019-2020 school year. The login information is the same as what was used during the school year.

Day 7	Reading Comprehension	<p>The students will be able to retell a story and find the moral or lesson in a story.</p> <p>The students will be able to tell how characters react to events and challenges in a story.</p>	Lesson 7	Letters from day 1
	Reading Foundational Skills	<ul style="list-style-type: none"> • I can hear individual letter sounds and blend sounds to make words. • I can build words using letter chains. 	Lesson 7 RF	
	Math	<p>View the interactive tutorial. Complete Activity Sheets 15 & 16. Complete additional activities listed on a plain sheet of paper or on the back of one of the activity sheets completed.</p> <p>Learning Targets:</p> <ul style="list-style-type: none"> • Student will... <ul style="list-style-type: none"> ➤ unitize by making a hundred from a collection of ten tens. ➤ demonstrate that the numbers 100, 200, 300, 400, etc. refer to 1, 2, 3, 4, etc. hundreds with 0 tens and 0 ones. ➤ understand the value of each digit in a three-digit number (place value). 	Concept: Use Hundreds, Tens and Ones (17 minutes)	<p>Math Day 7</p> <ol style="list-style-type: none"> 1. How many hundreds are in 500? How many tens? How many ones? 2. If you have ten groups of ten, what number will you have? 3. What number has 9 hundreds, 0 tens, and 0 ones? 4. What number had 0 ones, 0 tens, and 8 hundreds? 5. Look at the number 987. How many hundreds, tens and ones are in 987?
