Assignments & Projects

Math: We are continuing the concept of adding and subtracting mixed numbers with unlike denominators. **Keep up with lessons in iReady and Khan Academy.**

Reading: We are continuing to read *The Adventures of Don Quixote*. We are working on persuasive writing. **Keep up with assignments in Readworks!**

Social Studies: We are continuing to work on the branches of government.

Science: We are continuing our weather unit. Students will have a global and local wind pattern quiz on Friday.

Complete assignment on Readworks

Extreme Weather Project due on Wednesday, February 9

Dear families,

We are on the downhill slope of the school year now, but we must still finish strong! Students should come to class with a fully charged laptop and earbuds.

If students are absent or quarantined, they are still responsible for the classwork and notes taken. They should check with a peer to get any notes they may have missed while out.

We will be exchanging valentines on Monday, February 14. Students can make the valentines themselves or bring store bought ones. If students would like to handmade them, I have construction paper they can use. This is not a party, but a simple exchange at the end of the day. Below you will find a list of students for the valentines.

Should you have any questions, please do not hesitate to contact me!

Sincerely,

Mrs. Kieffer
