

K-5 Resources for Social Studies

Below is a list of essential vocabulary per grade level for K-5 Social Studies. Words are taken from the [NC Social Studies Standards](#) and are not specific for certain units. There are also possible unit titles for each grade level (4th and 5th grade may also use a chronological approach). NCPDI had the following resources that could help with understanding the standards/objectives, terms, and possible topics: Instructional Terms Glossary (Definitions for terms in standards, inquiry strand, and revised Bloom's Taxonomy), Unpacked Content, and Strand Maps. A reminder: the Inquiry Strand should be used in EVERY unit for Social Studies. You can find the Inquiry Strand at the beginning of standards documents. Please use the [NC Social Studies Standards](#) link to access those resources. Choose documents that have "Fall 2021 Implementation". Please reach out to Hannah Hill (hannah.hill@onslow.k12.nc.us) if you have questions about lesson planning/units/resources.

Grade Level and Course Name	Kindergarten – the World Around Us	First Grade – People, Places, and Environment	Second Grade – Foundations of America	Third Grade – Our Community and State	Fourth Grade – North Carolina History and Geography	Fifth Grade – American History and Geography

Websites for Social Studies Resources

Below is a list of websites that could be useful to find primary sources, lesson plans, and teacher guides to supplement our class content. **This is not a mandated list.** This list will keep growing to meet the needs of the content. As always, please make sure that content and sources used are grade appropriate and aligned with the [North Carolina Social Studies Standards](#). Links to resources have been placed in suggested content areas, however multiple content areas can use the links.

General - Includes technology platforms that could be useful.	World History	American History	Civics and Economics and Civic Literacy	North Carolina History (with an Onslow County splash)	Sociology and Psychology	Maps and Geography	Economic and Personal Finance
